How Field Team 6 Can Partner to Help Register Democrats in our Non-Target States

Thank you so much for your passion and activism.
Here are all the ways Field Team 6 can help you or your organization!

NO COST:
Voterizer.org: We can give your organization its own version of Voterizer.org – our custom-built web app made for registering Democrats to vote! Sign up for your own version HERE.
- Customizable and embeddable. Find a video on how to customize it HERE.
- Designed to be partisan, super fast, easy and streamlined
- With access to the number of people you register, and any emails/phones those voters give you
- Available en español
- Questions? Contact Emma, our Voterizer Promoterizer, HERE.

In-Person Voter Drives: We can train you in in-person voter registration! (Coming soon!)
Sign up HERE.
- Watch our non-state-specific training video (Coming soon!)
- Live trainings, just not specific to your state (Coming soon!)
- Covid-safe Protocols HERE.

Social Media: We can train you to Social Storm via video or sign up for a live training HERE.
- Join a weekly social media storm, get trained up, and lead your own! Learn to spread the word about your events, about registration deadlines, must-pass legislation, etc.!
- Use any/all of our assets that align with your goals

Mobilize: You can post your voter drives, phone banks, postcard parties, and social storms on our Mobilize feed! Do that HERE. (Click "Host an event" on the upper right.)
- Great way to recruit for your events
- Event can be private or public
- Can use your own graphic or ours
- Can brand it for your own org and/or Field Team 6
- Can communicate easily with all who sign up, and follow up later

WITH COSTS:
Phone Banks & Postcarding: If you or your organization can raise the costs to buy the data – and our capacity allows – we can set up phone banks and postcarding into your state. Contact our COO Dale HERE.
- Depending upon what data is available (from our data vendors) we'd give you a dollar amount you'd need to raise. ($500 is the minimum, but it may be more depending on what data is available.)
- We can train you in how to phone bank and postcard, using this data! Join one of our phone banks and/or postcard parties, get trained up, and then lead your own!
